In her New York Times bestseller *Pussy: A Reclamation*, she reveals what no one taught you about the source of your feminine power and how to use it. This power is the part of a woman that she has been taught to ignore, push down, and despise. Indeed, the word that most viscerally sums it up is "arguably the most powerful pejorative word in the English language." Like any expletive used effectively, the title of this book is meant to be a wake-up call. It is a reclamation, in a world that desperately requires the feminine. Readers learn the secret ingredient every woman is missing; how to crack the confidence code; why sex appeal is an inside job; what's ahead on the next frontier of feminism—and how they can help make it happen; and much more. By turns earthy and erudite, passionately argued and laugh-out-loud funny, *Pussy* delivers the tools and practices a woman requires to do and be whatever she wants in this life. It's a call for her to tune in, turn on, and not drop out—but live more richly, fully, and lusciously than she ever thought she could. *Dieses Arbeitsheft hilft mit zahlreichen Übungen Tag für Tag, den Beckenboden wieder zu aktivieren und nachhaltig zu stärken. If the clitoris and penis are the same size on average, why is the word "small" in the definition of clitoris but strangely missing from the definition of penis? Sex probably doesn't cause yeast infections? But racism probably does cause BV? Why is masturbating so awesome? How hairy are butt cracks . . . generally? Why is labiaplasty on a global astronomical rise? Does egg freezing really work? Should I stick an egg-shaped rock up there or nah? There is still a shocking lack of accurate, accessible information about pussies and many esteemed medical sources seem to contradict each other. Pussypedia solves that with extensive reviews of peer-reviewed science that address old myths, confusing inconsistencies, and the influence of gender narratives on scientific research--always in simple, joyful language. Through over 30 chapters, Pussypedia not only gives the reader information, but teaches them how to read science, how to consider information in its context, and how to accept what we don't know rather than search for conclusions. It also weaves in personal anecdotes from the authors and their friends--sometimes funny, sometimes sad, often cringe-worthy, and always extremely personal--to do away with shame and encourage curiosity, exploration, and agency. According to his (former) girlfriend, Imonalot, Seymour Hare is the "King" of pussy licking and she believes many men would benefit from studying closely his knowledge, and putting these practices to work for themselves, or, rather, for their women. With Seymour, being a rather mature male, and Imoanalot, being a youthful female 25 years his junior, there is much more than just age as a difference. Yet, Imoanalot claims that she will never find another lover who can make her feel the way Seymour does. And this makes Seymour very proud, as he should be. Imoanalot has renamed Seymour the "King," for even more than just the obvious reasons. The two constant questions and claims from Imoanalot are, "What are your secrets?" And, "Are you trying to make me go completely crazy?" Seymour just laughs and continues to lap and lick, suck and play with her pussy. You must understand that Seymour is one of those very rare men that truly loves to eat pussy and has a long history of driving women completely out of their minds with his "job," as he puts it. According to Seymour, "Bring a woman to the seventh stage of orgasm and you have got her hooked and begging for more." What is the seventh stage one may be asking oneself? Well, according to Seymour, women climb to a state of sublime and when they finally reach the seventh stage, they are in total bliss. In "another world," so to speak. The major problem according to Seymour is that, "Most men haven't got a clue as to how to make this happen, or they are just too lazy to get a woman to cum so many times during a love making session that most women are left in a state of disappointment and dissatisfaction." That's why many women turn to hand-held machines or - even more extreme - they may begin to have an affair outside of their main relationship. Eating a woman's pussy

is one of the greatest sexual acts you can perform. It is at the same time intimate and incredibly sexual. You are literally making out with her pussy. At the same time that your head is buried between her thighs, you can feel the subtle convulsions of her body, her breath deepen and shorten and you can feel the arching of her back as she actually works with you to heighten her own arousal. If you do it right, and you have a good partner in the woman, the experience is intense, unforgettable and at times - explosive. However, eating a woman's pussy is not something that they ever taught you in school. It is, although, a skill that every man should have. In this book the author teaches you how to do it right. The book starts with the basics and walks you through a serious, no nonsense course on how to orally please the women in your life. This is what everyone has been waiting for and what you can't afford to miss out on. Accept no substitutes and skip the gimmicky books out there. This is the serious book on pussy eating for the serious pussy eating student. "This how-to book will take readers on a step by step journey toward meaningful and successful dates, committed relationships and even marriage. Women everywhere will walk away with invaluable information on how to attract a healthy, fulfilling love."--Page [4] of cover. Sample Book Insights: #1 You must learn to control your emotions if you want to win the game of seduction. It is not necessary to become a cold-hearted bitch, but it is necessary to become aware of your emotions and their ability to control your actions. #2 You must be aware of the fact that there are a lot of bad guys out there, and they're everywhere. They know how to use a woman's emotions against her by telling her in the most sincere ways what she wants to hear. #3 Emotional creatures like us, ask ourselves why our exes are doing this to us. We make dozens of excuses as to why their behavior is forgivable. Then we plan how we'll get them back. But this is a mistake, as it allows our emotions to influence our actions and decisions. #4 We only do irrational things in order to feel better in the short term. We give in to our emotions in order to feel better in the short term, but we end up hurting even more over the long term. All within your reach! Don't hesitate to pick up your copy today by clicking the BUY NOW button at the top of this page! This little book is all about melt's about how I, and all the other bits in and around me, work - and how you and I are going to have to work together if we're both going to get what we want. This book will give you uninhibited inside access to what sex and orgasms are all about from my point of view. It's a short, practical hands-on guide to keeping me happy with no punches pulled and no feelings spared. Be warned, I have a bit of a dirty mouth. If you want a dry scientific manual of female sexuality and anatomy, which goes on and on for so long you lose interest in sex altogether, you're in the wrong place, baby. A book that had to be written! I thought I'd write it purely for selfish reasons, because I've had it up to here (use your imagination) with all the fumbling, inept, and downright abysmal treatment I've had to endure over the years since my Owner became sexually active. Why she puts up with it, I do not know. You guys really do need to learn how we vaginas work, that way you can give me the right attention once you get your hands into her panties. I know some of you may have been here before but, let's face it, you haven't been doing too well up to now, have you? When it comes to sex, orgasms and how to treat a girl there's no real mystery; guys just need to understand that girls don't work in the same way as they do. This book explains it all - straight from the horse's mouth! Having great sex, like reading a good book, is all about starting at the introduction and opening chapters, sticking with it through the l-o-n-g middle section, and not stopping until you get to the climax and acknowledgements at the end. Do this and you will make your Ruby very happy indeed. You will be transformed from fumbling apprentice to confident Casanova right before your girl's very eyes - and chances are she's going to want a lot more of what you've just given her! That has to be a good thing, right? I'll look forward to meeting you on the inside. Other non-fiction books in the best selling series FOR WOMEN ONLY: Pussy Whip How to Make Him BURN With Desire Breakup to Makeup Manifesting Love Although women's genitals have long been shrouded in secrecy and taboo, a recent surge in media attention has encouraged women and men to think about, as well as to
